

THE STOMP CHALLENGE

Our Story:

For over 30 years, Rotary has worked through our **PolioPlus** program to make **Polio** the 2nd human disease ever eradicated worldwide. Every October, Rotary Clubs across the world raise awareness and funds to promote these efforts. This year, we've decided to combine our global efforts to eradicate polio with the local eradication effort of the dreaded **spotted lanternfly**.

HOW YOU CAN HELP US STOMP OUT POLIO & PESTS:

1

DOWNLOAD SCORECARD & START STOMPING!

Download a **scorecard** from our website **HERE**: www.hbgkeystonerotary.org. On your scorecard, keep count of how many spotted lanternflies you stomp & egg masses you remove from now until **World Polio Day** on **October 24**.

2

EDUCATE YOURSELF & OTHERS!

Invite others to join you in this Challenge and in learning more about the **Global Polio Eradication Initiative** **HERE**: polioeradication.org and about the **PA Dept. of Agriculture's spotted lanternfly eradication efforts** **HERE**: <https://bit.ly/3AaLDOo>.

3

MAKE A DONATION PLEDGE!

I, _____, pledge to donate _____ (fill in amount) per spotted lanternfly or egg mass I stomp. Donate **HERE**: <https://bit.ly/3DdvWYE>. Donations will be split between Rotary's global Polio Eradication efforts & PA's local efforts to eradicate the Spotted Lanternfly.

4

CELEBRATE WITH US!

Throw on a Halloween costume and join us for a Stompin' good time on **Tuesday, Oct. 26 at 5:30 pm** at **Appalachian Brewing Company** (50 N Cameron St Harrisburg, PA 17101). We'll tally up the results & honor the top Stompers. \$1 from each drink sale will be donated by ABC to help us Stomp out Polio & Pests.

In these times of pandemic, plagues, and pestilence, let's come together to face our foes in a fun manner that encourages hope and fellowship.

**END
POLIO
NOW**

WORLD POLIO DAY

IS 24 OCTOBER
